

They say everything done in the dark will eventually be brought to the light...

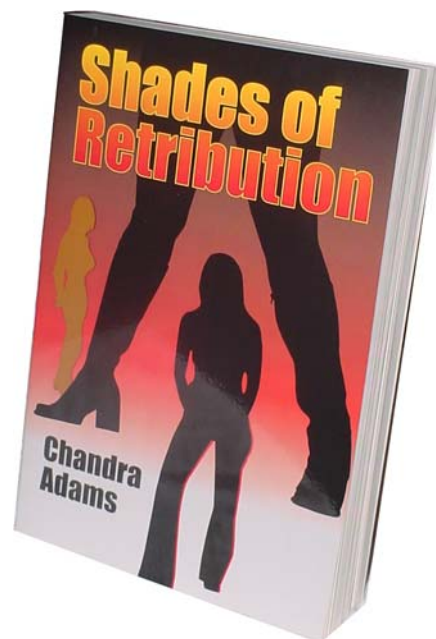

'Shades of Retribution' is a novel of epic proportions. The plot is stimulating and original; and the writing is above par. Though the main characters are women, don't be fooled. This ain't no chick lit... there's still enough action and violence to appeal to the fellas as if it was an Arnold Schwarzenegger movie. Take a chance on 'Shades of Retribution' and look forward to more from this new novelist.
